ABOUT US

Spicy Delight Ltd began over 20 years ago as a family business, with founder Yasir Iqbal producing handmade samosas and seekh kebabs from home. In 2015, the company was officially established, marking the beginning of an exciting new chapter and a period of significant growth. From our original site on Highgate, Emm Lane, Bradford, West Yorkshire, we have continually expanded our product range and explored new markets with ambition and determination. To support our rapid growth and increasing customer demand, we relocated in 2024 to our purpose-built production facility at Unit 5, Alliance House, York Street, Bradford, BD8 0HR. This major investment has enabled us to offer innovative products and an enhanced service to customers across the UK.

Today, **Spicy Delight Ltd** has evolved from a small local producer into one of the UK's leading manufacturers of savoury snacks and seekh kebabs. The opening of our additional site in Fairweather Green, Bradford, has further strengthened our ability to serve both regional and national customers while maintaining complete control through one dedicated management team. Despite our growth, we remain committed to the values that built our business – exceptional quality, outstanding service, and continuous innovation. We take pride in consistently delivering products that our customers can trust.

At **Spicy Delight Ltd**, we do things properly. Our factory and processes exceed government and food industry standards, and our facility is maintained in an audit-ready condition at all times. We welcome customer visits and are proud to demonstrate the high standards we uphold.

All of our ingredients are sourced from approved suppliers with full traceability, and we use only Halal-certified meat and chicken.

We recognise our responsibilities throughout the entire supply chain and remain committed to producing high-quality products that meet the highest standards of safety, consistency, and integrity.

Why Choose Us?

- ✓ Full Product Traceability
- ✓ Clear & Accurate Labelling
- ✓ Local Authority Approved
- ✓ 40+ Skilled Employees
- ✓ Modern Production Facility
- ✓ Trusted Across the UK
